## Safe and Free Fundraising Pack

## Why is Fundraising Important?

The fundraising and awareness raising campaigns are an important part of the Education Pack as it allows the children to get involved in a social campaign where they will be reflecting on what they have learnt whilst putting their knowledge into a fun and creative campaign which will help to protect young people in the UK.

Fundraising helps Safe and Free to continuously develop our resources so that young people are better protected with up to date knowledge and resources.

Any amount raised will help Safe and Free bring more awareness to young people across the country. The more schools we can reach with the pack, the more young people learn how to protect themselves and their friends from exploitation.
